Product highlights

Click-on ice cooler
The patented ice cooler soothes the skin reducing the unpleasant feeling of epilation. Its pivoting head follows every curve of your body for optimal cooling and less pain.

Pivoting cooling head
Follows the body's contours for maximum pain reduction during epilation and an immediate cooling and soothing effect on the skin afterwards.

Integrated massaging system
Works with the ice to distract from the sensation of epilation for even more effective pain relief.

Hypo-allergenic ceramic epilating head
Better skin care by reducing the risk of allergic skin irritation.

Curved epilating head
For improved grip on hair, ensuring that up to 95% of hairs are removed at the root in one stroke.

Higher rotation speed
For more effective hair removal.

Exfoliating body puff for less ingrown hairs
Reduces ingrown hair.

New ergonomic design
For easier handling.

2 speed settings
Speed 1 for fine hair, speed 2 for thicker hair.
